Board of Elections Conference Room
NOVEMBER 5, 2014
12:00 P.M.

MINUTES

Meeting called according to G.S. 143-318.12(b)(3)(f)

Discussion ensued regarding the omission of flash card 0258 (Marshall Community Center) from the Election Night Results. The Director informed the Board members that the State Board of Elections was notified and guidance requested regarding the necessary amendments to ENR reports and absentee abstracts.

Election results from the 80 votes contained in the flash card were read into the Unity Election Reporting Manager program, and an updated unofficial election results summary and CANVASS block report summary were generated.

Board members contacted all local candidates, the local newspaper, and the Republican and Democratic County Party Chairmen with the updated results.
